

Links to YouTube Videos of Eight Core Program Areas

We are committed to your Digital Ambassador success, and we wanted to provide every resource you could dream of to make this process easy, engaging, and fun. Here are the links to our eight videos about the eight program areas we are fundraising for on October 17. We would love for you to watch them, share them anytime before or during the event, interact with our YouTube channel (comment, like, follow), and use these as a resource you can refer friends and family to in order to learn more about the ministry of New Life for Haiti.
